TMG Publishes Comprehensive 3G Licensing Data Sets for 40 Countries

Telecommunications Management Group, Inc. (TMG) is pleased to announce the launch of a new product, *3G Licensing Around the World: Country Data Sets*, an important tool for understanding the operators, spectrum awarded and other conditions associated with third generation (3G) mobile licenses in the 1.9 GHz/2.1 GHz and 1.7 GHz/2.1 GHz spectrum bands.

TMG has compiled data from regulators and operators in order to present the most up-to-date information on 3G licenses in 40 countries. *3G Licensing Around the World* presents detailed profiles for 150 current 3G licensees. For each country, clear and concise tables and notes present comprehensive information including:

- Current 3G licensees
- License fees and valuation data
- Assigned spectrum bands
- Licensing method (auction, beauty contest or direct award)
- Initial and additional license fees in local currency and U.S. dollars
- License information including award date, coverage obligations and performance bond requirements
- Service launch dates and technologies deployed

3G Licensing Around the World provides the current status and relevant histories of 3G licensing in the 1.9 GHz/2.1 GHz and 1.7 GHz/2.1 GHz bands in markets around the world.

Organizations that could benefit from this information include:

- Regulators interested in 3G licensing practices in different countries and regions
- Operators and investors targeting new markets or needing benchmark data on spectrum valuations
- Equipment manufacturers seeking detailed information about spectrum deployed in different markets
- Researchers requiring information about 3G licensing and deployment

Data sets are currently available for the following regions and countries:

The Americas: Brazil, Canada, United States

Asia-Pacific: Australia, Hong Kong, Indonesia, Japan, Korea (Rep.), Macau, Malaysia, New Zealand, Philippines, Singapore, Taiwan

Europe/CIS: Belgium, Czech Republic, Denmark, Estonia, France, Georgia, Germany, Greece, Ireland, Italy, Malta, Netherlands, Norway, Russia, Spain, Sweden, Switzerland, United Kingdom

Middle East/ Africa: Bahrain, Egypt, Israel, Kenya, Mauritius, Morocco, Nigeria, United Arab Emirates

All data sets are available for immediate download in PDF format at special introductory pricing. Choose to purchase the entire set, a particular region or individual countries. Individual countries are available for US\$150, regional packages begin at US\$500, and the entire set of 40 countries plus priority access and pricing for future data is priced at US\$4,200.
